

Manual crank

1. We have looked at school for FSC timber.
2. We have 2 snowmen's and 2 balls drawn on timber.
3. We have the snowmen's and Christmas balls out.
4. We have filed snowmen's and Christmas balls.
5. We have snowmen's and Christmas balls given a color.
6. We have the snowmen's and Christmas balls made holes so you can make a pendulum.
7. A string through the holes.
8. Buttons between snowmen's and Christmas balls so they do not move.
9. We cut pieces of paper about 1 inch wide.
10. We have the papers made a curl with scissors.
11. Then we made three colors together with a staple.
12. We have the papers then the pendulum made with a staple.
13. If you follow those steps you will get the same pendulum that we made.
